Sale to be held at the

THURSDAY, MAY 22, 1941

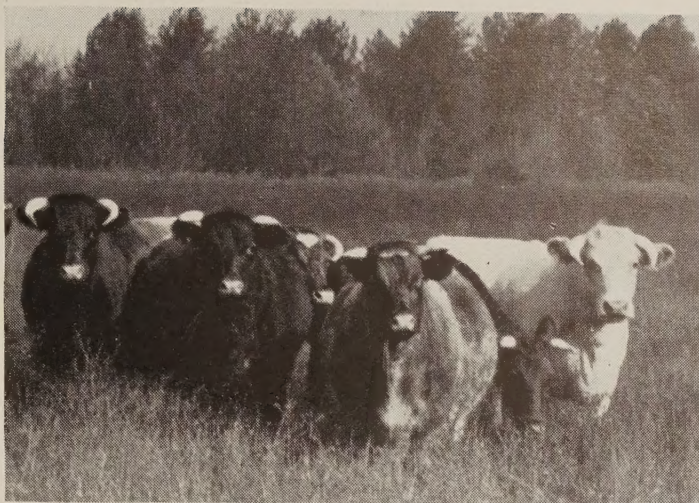

Here are a few of the grand brood cows that make up the strong breeding herd of
Chas. V. Parker, Harrisburg, Illinois.

A Natural Cattle Section

On my occasional visits to Southern Illinois, I have always been impressed with the possibilities of this section as a natural cattle country. When Mother Nature divided up her resources, she gave to this section those things that can be utilized with greatest profit by men who maintain producing herds of live stock. Moreover, she left a type of land that will constantly enhance in value through the benefits to be obtained from live stock but which will constantly go backward without it. The most abundant stands of alfalfa, sweet clover and lespedeza I have seen anywhere this Spring were in Southern Illinois and cheap pasture is a distinct asset. Although the cattle in this sale are of the type and ancestry to attract buyers from other sections it is my hope that most of them will be purchased by farmers of Southern Illinois for the foundation of new herds. Those who buy these cattle at today's prevailing prices will reap rich rewards. I want to take this opportunity to compliment the men who are behind this sale for their willingness to establish this source of supply of excellent Shorthorn seed stock.—Hal Longley of The Shorthorn World.

**We
Cordially
Invite
You**

A good cow and a good calf on the farm of Paul Halbersleben, Eldorado, Ill.

This is the third auction sale held in this community by the same men who are offering these cattle. Although the first two sales did not result in high prices, we succeeded in placing good Shorthorn seed stock on dozens of new farms in this section. It is with the hope that we may repeat this accomplishment that we announce herewith our Third Annual Sale. All who agree that diversification is the salvation of the farming problem in this area are cordially invited to attend. We are not pioneering Shorthorn cattle in Southern Illinois, because the early maturing and easy feeding qualities of the Reds, Whites and Roans long ago brought farmers and stockmen to recognize that Shorthorns are the most profitable cattle for this great farming section. However, by establishing our strong herds, we have tried to take the leadership in creating a suitable source of supply in this section for choice seed stock. All of our herds were founded on top females selected from the best known breeding establishments and only stock bulls of the highest quality have been used. In order that others may have the benefit of starting with the kind of foundation that will be absolutely permanent, we have drawn deeply from our herds to provide cattle for this sale that will prove profitable to their new owners. We cordially invite you to be present.

DREADNAUGHT INVADER

That the improvement of Parker Shorthorns will continue is assured. The burden now rests on the shoulders of DREADNAUGHT INVADER, but there can be little doubt as to his ability. Mathers Bros. claim him to be the best bull they ever produced and the fact that he won first prize in the strong junior bull calf class at both the International and American Royal Shows is positive proof that he is one of the most perfectly moulded individuals of the breed. His sire was the great breeding bull, Dreadnaught Consort. His dam, Glenburn Caroline 7th, was a winner of first prize three times at the International Stock Show, she by Glenburn Field Marshal. The first calves by Dreadnaught Invader are outstanding in type and character.

COLONEL F

Colonel F has been selected for the duties of junior herd bull at Parker Farms. We have utmost confidence in this dark roan, compact, short legged bull because his outstanding individuality is backed by grand champion blood. His sire, Sheik of Leveldale, is one of the best known sires of the present day and was capable of winning grand championship at the great International Live Stock Show. His dam comes from a famous tribe in the Mathers herd, every member of which has been a show ring winner. A number of the females in this sale carry the service of Colonel F.

PRINCETON PENROD

PRINCETON PENROD was purchased in Canada by Otis A. Carter and was used liberally in his herd before being sold to John B. Stout, Chatham, Ill. After his calves began developing, the breeders in Southern Illinois realized the error of letting this great bull leave this section and Mr. Chas. V. Parker immediately bought him back. He is now in service at Parker Farms where he is siring a great lot of calves. A number of the younger calves in this sale are by him and several females carry his service.

Koreandale Blossom 5th comes from a family that has been prolific and profitable in our herd. This daughter of Koreandale Marshal is in calf since Feb. 26, 1941 to Sunset Brawith Boy.

Note the large number of bred cows and cows with calves at foot that are offered in this sale. These are being sold to make room for our constantly enlarging herds. All of them have been consistently good producers and we are not selling any cow out of which we have failed to keep a calf. We know these cows will make money for their new owners.
